WINNING MARGINS INTERNSHIP PROGRAM (WMIP)

WINNING MARGINS is an organization that partners with under-resourced Democratic state parties in order to lower the barrier to entry for state and local candidates. Winning Margins is seeking motivated, creative, and empathetic team members for remote support to our communications, data, research, and finance departments. This position is ideal for applicants interested in gaining experience in digital organizing, data management, local political issues, and communications. Candidates who successfully complete the internship program will deepen their knowledge on electoral strategy and implementation.

The program will be both hands-on and learning oriented, and will include a speaker series of elected officials, community activists, and political operatives who are at the forefront of American politics.

This is an unpaid internship with the *potential* for full-time employment with Democratic candidates in the south.

Internship will begin on February 20th, 2018 and will end on April 21st, 2018.
